

The image features a stylized logo for the CMS experiment. The letters 'CMS' are rendered in a large, bold, black serif font, positioned in the upper left quadrant. The background is white, overlaid with a series of black lines representing particle tracks. These tracks originate from the bottom left corner and curve upwards and to the right, with varying degrees of curvature. Some tracks are solid, while others are dashed. The overall composition is framed by a thick black border. The text 'Compact Muon Solenoid' is written vertically on the right side of the image.
